## CHRISTMAS WREATHS

Christmas wreaths are generally made up of fresh tree leaves, twigs, small fruits and flowers. The circular shape represent a meaning of eternity, as it has no end and no beginning. To some, the wreath holds a religious meaning. Christians hang the wreath at their front door to invite the holy spirit into their home. Others just simply use it for decorative purposes. You can order your Christmas wreaths from our florist at Green & Gold Flowers and Preston Market Flowers. We suggest you place your orders sooner, rather than later.

## MUFFIN PAN ADVENT CALENDAR

We love this advent calendar idea by [parents.com](https://www.parents.com). It's the perfect Christmas craft for kids.

### MATERIALS

- Coloured and patterned craft paper
- Some ribbon
- Scissors
- 1-inch circular hole puncher
- Glue stick
- 24 hole muffin tray
- Small toys or treats to fill the pans

### INSTRUCTIONS

1. Cut 24 circles 2 1/4 inches wide from a 12- by 24-inch adhesive magnetic sheet. Adhere them to patterned paper, then cut them out.
  2. With a 1-inch circular punch, make 24 paper circles. Number them and use a glue stick to attach them to the magnetic circles.
  3. If you'd like to hang the muffin pan with a ribbon, make two holes (see tip below).
  4. Fill the muffin wells with tiny stickers, bite-sized candies, notes, and activity suggestions.
- Craft Tip:** To hang the pan on a wall, set one rim on a block of wood and use a hammer and a nail to make two holes. Loop a ribbon through them and tie. Adult supervision is required for this one.

## FELT CHRISTMAS TREE GARLAND

Another great and simple DIY craft this Christmas are these felt Christmas tree garlands by [itsalwaysautumn.com](https://www.itsalwaysautumn.com).

### MATERIALS

- Coloured acrylic felt
- Scissors
- a glue gun or alternative craft adhesive
- Christmas tree template in assorted shapes
- Some string

### INSTRUCTIONS

1. Fold a piece of felt in half and cut two of the same tree at the same time. Decorate as desired with hearts, circles, or stars cut from felt, then just glue the two trees together, sandwiching a rectangle of brown felt in between to act as a trunk. Repeat this process to create about 9 different looking Christmas trees.
- NOTE:** Make sure not to put any glue at the very tip of the tree – you'll want the two layers to open up slightly so you can glue a string between them later on.
2. Glue the Christmas trees onto some string making sure they're about 6 inches apart.

You can purchase all your materials from [Sweet Party Supply](https://www.sweetpartysupply.com).
